

ENVIROGRAF® PRODUCT 81

FIRE PROTECTION COATING FOR GLASS FIBRE AND PVC

DESCRIPTION

A virtually odourless clear or white coating with coverage of approximately 4m² per litre, available in 1 litre, 2½ litre, and 5 litre tubs (larger quantities available). Other colours available.

USE

Used on plastic and glass fibre, such as the internal section of glass fibre boats, cable housings, engine housings, and the internal side of glass fibre sheeting.
