

ENVIROGRAF® PRODUCT 82

DOUBLE-SIDED SELF-ADHESIVE TAPE

DESCRIPTION

This Envirograf® product is a specially-formulated rubber-based double-sided tape that has very high adhesion and easy-peel backing, available in 5mm, 9mm, 12mm, 15mm, 19mm, 25mm, and 30mm widths, supplied in rolls of 50m. It has a 'curing' time of 48 hours.

USE

The tape can be used in many applications, even when fire resistance is not an issue.
